Experience

Quality Computer - Jhapa, Nepal

Digital Media Strategist   Feb 2022 – Apr 2023

- Created engaging and eye-catching designs for social media platforms such as Facebook and Instagram. This includes designing posters, banners, and other visual assets to promote products, events, and announcements.

- Prepared print-ready files, ensuring proper color profiles, resolution, and file formats for different printing processes.

- Created visually engaging animated graphics and videos for social media platforms such as product showcases, and event teasers using tools like Adobe After Effects.

- Kept up with the latest trends, features, and specifications of different social media platforms to optimize designs and ensure they are visually appealing and suitable for each platform's requirements.

Freelance Creative Designer

Freelance   Sept 2021 – Jan 2022

- Designed logos for diverse clients, including esports professionals, content creators, and education consulting groups.

- Created eye-catching thumbnails for videos and online content to enhance viewer engagement.

- Edited videos, including creating montages, highlights, intros, outros, and applying visual effects to enhance overall quality and engagement.

- Developed banners for websites, social media profiles, and advertising campaigns.

- Managed multiple projects simultaneously, organizing files, meeting deadlines, and prioritizing tasks.

Education

Diploma in Interactive Media Design

Seneca College - May 2023 (ongoing)
